

planner_interface::
PlannerBase

```
classDiagram
    class PlannerBase {
    }
    class ManualPlanner {
    }
    ManualPlanner --|> PlannerBase
```

The diagram illustrates a class hierarchy. At the top is a white box representing the base class 'planner_interface::PlannerBase'. Below it is a gray box representing the derived class 'planner_plugins::ManualPlanner'. A blue arrow points from the 'ManualPlanner' box up to the 'PlannerBase' box, indicating that 'ManualPlanner' inherits from 'PlannerBase'.

planner_plugins::ManualPlanner
